Targeted ECE (PreK 3 and 4) Weekly Testing

Students in PK3 and PK4 will be provided with a rapid test each week and will be required to upload their results each Sunday before returning to the classroom. Kindergarten students will also be receiving weekly test kits and are highly encouraged to test each week.

Also, as part of our weekly testing program, we are implementing a **test-to-stay pilot program for Pre-K students**. Test to Stay for Pre-K classrooms will go into effect should a student test positive through the required weekly testing each Sunday. This means that all students in the classroom who tested negative can attend school

For more information and to upload your results here by 3 pm 24 hours prior to returning to school:

COVID-19 Student Vaccination Status

Please complete [this form](#) if your student has received the COVID-19 vaccination. Completing this form is completely OPTIONAL. This information will only be used to help us determine close contact quarantine for your student.

Vaccinated students who are in close contact to someone who tests positive for COVID-19 do NOT need to quarantine if they are not showing symptoms but are recommended to take a test between 3 and 5 days after they are exposed. Please contact the main office (202-939-5390) if you have any questions.

Chronic Absenteeism Reduction Effort or CARE

At DC Public Schools (DCPS), we value the health and wellbeing of our students. We know that students who are healthy are better able to come to school and learn. We are pleased to share that DCPS is

partnering with local doctors, nurses, and the DC Department of Health on a project to support our students' health and attendance in school.

Through the project -- which is called the Chronic Absenteeism Reduction Effort or CARE -- parents or guardians can give permission to DCPS to securely share attendance information with their child's doctor(s), nurse(s), and medical office staff. This information will help these healthcare professionals to provide special outreach and medical attention to children that might be missing school and their families
